INCLUSIVE ART MAKING

Zot Artz art tools bring the joy of creative expression to people of all abilities. Fun for all, they are adapted to allow children with disabilities more opportunities to create works of art.

Art-making is an essential part of the human experience. Physical, cognitive, and emotional disabilities no longer need to present a barrier to the enjoyment of creative expression.

Zot Artz creates Art Experiences and art tools for everyone. We have invented entirely new activities for people with disabilities that invite everyone to join in the fun. Our unique experiences empower all individuals to reach their fullest potential through meaningful participation and social interactions. Inclusive art-making offers everyone the opportunity to express themselves and **make their mark**.

Parents, friends, and family members can finally share the experience, pride, and delight that creating art can bring – *together*.
